

Safety Data Sheet according to 91/155 EC

StoBit Seal 10

Reviewed on 01.05.2017
Printing date 01.05.2017

1. Identification of the substance/preparation and of the company

Product details Product name	StoBit Seal 10	
Manufacturer/Supplier	Sto SEA Sdn Bhd 8 Jalan Bukit 3 Kawasan MIEL Bandar Baru Seri Alam 81750 Masai Johor Malaysia	
Local Office	Sto SEA Pte Ltd 159 Sin Ming Road #06-02 Amtech Building Singapore 575625	
Emergency telephone	Tel : Malaysia +607-388 1737 +607-388 4737	Tel : Singapore +65 6453 3080 +65 6453 3543

2. Hazards identification

Hazard designation	Non-hazardous
Information pertaining to particular dangers for man and environment	Classification is in line with current lists. It is expanded by information from technical literature and information furnished by supplier companies.

3. Composition / Data on components

Description A stable water-based bitumen emulsion reinforced with fiber. It is dark brown in color and dries to black flexible coating, odor and taint-free.

Hazardous ingredients

Chemical description	CAS No	Designation	%	Index	R-phrased
	None				

4. First-aid measures

Safety Data Sheet according to 91/155 EC

StoBit Seal 10

Reviewed on 01.05.2017
Printing date 01.05.2017

General Information	No special measures required.
On skin contact	Instantly wash with water and soap and rinse thoroughly.
On contact with eyes	Rinse opened eye for several minutes under running water. Then consult doctor.
After swallowing	Seek immediate medical advice.

5. Fire-fighting measures

Suitable extinguishing Media	Not applicable
For safety reasons unsuitable extinguishing agents	Not applicable
Protective equipment	No special measures required.

6. Accidental release measures

Person-related safety precautions	Avoid causing dust.
Measures for environmental protection	No special measures required.
Measures for cleaning / collecting	Collect mechanically.
Additional information	No dangerous materials are released.

7. Handling and storage

Handling	Information for safe handling: No special measures required. Information about protection against explosions and fires: No special measures required.
Storage	Requirements to be met by storerooms and containers: Keep containers securely closed and dry, store 5- 40 degrees celsius. Information about storage in one common storage facility: Not required. Further information about storage conditions: None. Storage class according to regulation on inflammable liquids: Not applicable.

8. Exposure controls and person protection

Additional information about design of technical systems	No further data; see item 7.												
Components with critical values that require monitoring at the workplace	<table><tr><th>CAS No.</th><th>Designation of material</th><th>%</th><th>Type</th><th>Value</th><th>Unit</th></tr><tr><td colspan="6">The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.</td></tr></table>	CAS No.	Designation of material	%	Type	Value	Unit	The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.					
CAS No.	Designation of material	%	Type	Value	Unit								
The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.													
Additional information	The lists that were valid during the compilation were used as a basis.												
Personal protective equipment	General protective and hygienic measures: The usual precautionary measures should be adhered to in handling of chemicals. Breathing equipment: Not required. Protection of hands: Impervious gloves.

Eye protection: Not required.
Body protection: Protective work clothing.

9. Physical and chemical properties

Form	Liquid
Color	Dark Brown
Odour	Typical bitumen emulsion smell
Solidification temperature	Not determined
Boiling point	Not determined
Flashing point	Not applicable
Self-inflammability	Product is not self-igniting.
Danger of explosion	Product is not explosive.
Density at 20 degrees C	1050 kg/m ³ DIN 51757
Solubility in Water	Mixable
Solvent content	Not applicable
Organic solvents	0.0 %

10. Stability and reactivity

Conditions to be avoided	No decomposition if used according to specifications.
Dangerous reactions	No dangerous reactions known.
Dangerous products of composition	None if handled and stored properly.

11. Toxicology information

Primary irritant effect-on the eye	Irritant effect
Sensitization toxicological information	When used and handled according to specifications the product does not have any harmful effects according to our experience and the information provided to us.

12. Ecological information

Water hazard class 1 (Self-assessment)	Slightly hazardous for water. Do not allow undiluted product or large quantities of it to reach ground water, water bodies or sewage system.
---	--

13. Disposal considerations

Product	Smaller quantities can be disposed with household garbage.

Uncleaned packagings

Disposal must be made according to official regulations.
Recommendation cleaning agent: Water, if necessary with cleaning agent.

14. Transport information

Not classified as dangerous goods as per above regulations.

15. Regulatory information

Designation according to local guidelines	The product is not subject to classification according to standard guidelines. The product is not subject to identification regulations under standard guidelines. Observe the normal safety regulations when handling chemicals.
---	---

Water hazard class 1 (Self-assessment)	Slightly hazardous for water.
